

ALLIED COUNCIL SENDS GERMAN TERMS

IF ACCEPTED, THEY WILL MEAN AN IMMEDIATE END OF GREAT WORLD WAR

ARMISTICE NOW IN THE HANDS OF ENEMY

WASHINGTON, Nov. 4.—Terms upon which Germany may obtain an immediate armistice and end the war were completed and signed today in Paris. Secretary Lansing announced the fact tonight in a brief statement adding only that complete diplomatic harmony had been achieved by the allied and American conferees at Versailles. It may be stated authoritatively that the terms, not yet given out for publication follow closely those under which Austria-Hungary surrendered today and passed out of the war leaving Germany to stand alone against the world.

The presumption in official circles here tonight was that the stipulations would be in the hands of the German government in less than twenty-four hours. If they are accepted, a reply settling the issue of peace or further fighting may also be received within that time. The uncertainty caused President Wilson to cancel tonight his proposed trip to New Jersey tomorrow to cast his vote in the congressional elections.

Complete Text Now in Washington

Altho the complete text of the historic Versailles document probably is only now on the cables for Washington, its substance has been reported upon fully and approved by the president before the final draft was prepared.

Secretary Lansing made this statement:

"According to an official report received this evening the terms of the armistice to be offered to Germany have just been agreed to unanimously and signed by the representatives of the allies and the United States in Paris. The report further states that diplomatic unity has been completely achieved under conditions of utmost harmony."

It is understood the terms are to be submitted to Germany immediately and that their publication in full will follow shortly. The statement has been authorized that the drastic conditions under which Austria dropped out of the war today furnish an accurate indication of their nature.

Subjected to analysis by military officers here, both allied and American, the terms of the Austrian armistice which are said to be no more drastic than those for Germany are interpreted to mean absolute surrender. Nothing is left to the good faith of the vanquished and no restrictions or limitations are imposed upon the victors. These officers believe Germany, left alone, also must throw herself without reserve upon the mercy of the victors.

Final Adjustments Will Be Deferred

Final adjustments territorial or otherwise are deferred to the peace conference for which the cessation of hostilities paves the way. The German appeal for an armistice was submitted on the basis of acceptance of the peace terms already outlined by President Wilson and when the discussion starts the allies and the United States will be in a position to dictate its results. In fact, the real peace conference had sitting at Versailles. The judgment of army officers as to the situation on the western front in a military sense is that Germany must accept the armistice conditions or face a debacle of her armies. Signs of disintegration of the German forces facing the Franco-American lines have been evident for two days. The German official statement admitted an American break thru. If the breach is widened the German armies will be cut in half as effectually as were the Austrian armies in Italy. They then may be crushed separately. So strong is the impression here that Germany will accept that when word came that a statement was to be issued by the state department tonight, a Washington newspaper put out an extra saying the war was over and Germany had surrendered. It caused no excitement. It is generally assumed that the German government will receive the armistice terms thru Washington as its request was received in that way. The Austrian case does not form a precedent in the appeal to Washington was supplemented after the collapse of the Austrian front by a direct application to General Diaz, the Italian commander. Unless the situation of the Germans forces similar action on the western front, however, it is assumed here that the German case is being handled thru the channels. The present Berlin civil government claims absolute authority over the army.

Final Draft of Terms Monday

The Versailles conferees evidently did not make the final draft of the armistice terms until late Monday. Just before six p. m. it was stated at the state department that the work had not been completed. An hour later word went out from the department that an important statement would be forthcoming at 8 p. m.

An attempt to apply the lessons of the Austrian armistice to Germany's situation brings out several points upon which military men based their forecast of the German terms. For one thing, it is regarded as certain that complete evacuation of Alsace-Lorraine will be insisted upon as well as the occupation of the Rhine fortresses by allied garrisons. Surrender of the German submarines and a substantial part of the high seas fleet and the occupation of land defenses that protect German naval bases also is implied.

So far as the German army is concerned it must go back into Germany probably without the whole case mechanism of war which it carried into France and Belgium. All the big guns, tanks, and aircraft under the Austrian precedent, would be concentrated and left under the direct control of the allied and American armies.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

With Germany's allies vanquished and forced to accept terms for a cessation of hostilities against them tantamount to abject surrender, the die is now to be cast in front of the Hohenzollern dynasty.

The inter-allied conference sitting in Versailles has drawn up the terms under which Germany may have peace and the indications are that these terms will be no less hard than those imposed upon Austria-Hungary, Bulgaria and Turkey. Forsaken by her allies, Germany, the power that hoped to be able to dominate the world by force is at the threshold of acknowledging defeat by capitulation or continuing a struggle which means her ultimate defeat.

The terms accepted by Austria-Hungary, Bulgaria and Turkey have shown all these states of power. Those imposed upon Germany surely will be no less severe in rendering that country powerless to resume hostilities even in the far distant future. Meanwhile pending the presentation of the dictum of the allies the German armies in Belgium and France are the only ones left of the Teutonic allied group which are under attack. And they are being sorely tried. In the Italian theater the Austro-Hungarians, utterly crushed, having lost thousands of men killed and 300,000 taken prisoners are standing bewildered before the victorious Italian, French, British, American and Czechoslovak armies. Respite from further punishment was given them Monday afternoon at three o'clock. Northern Italy again is Italian and Trent, Trieste and other places which the Italians always have claimed as their own are dominated by the Italians and fly the tri-color of the Kingdom.

Almost all in the hands of the Italians and Albania is all but cleared of the defeated Austro-Hungarians. Likewise eastern Serbia is all but cleared of the enemy and a few days more doubtless will see the remainder of the straggling Austro-Hungarians making their way out of the western part of the kingdom across the Save river into their own territory. As for Bulgaria and Turkey, they are no more menacing. Over a front of thirty miles in northwestern France, Field Marshal Haig's armies have delivered a mighty blow against the Germans and torn their positions over wide fronts, capturing important strategic points of the enemy line and taking more than 10,000 prisoners. Of particular value the general plan of driving the Germans out of the invaded region was an advance of more than three miles across the Sambre canal, which leaves Field Marshal Haig's men set upon good ground for a further dash eastward.

Meanwhile the French and Americans on the southern part of the line are keeping up their intensive operations on the great converging movement which if its progress continues is likely to end the battle before the Germans are able to reach their border. Particularly notable have been new gains of the Americans west of the Meuse over their entire front.

Opposite Stenay in the Meuse Valley they have an excellent footing for further progress up the river toward the important German lines of communication in the north. In the center the American lines now stand 12 miles south of Sedan. In the latest operation large numbers of additional Germans have been made prisoners and many villages have been liberated.

The Anglo-American guns are now dominating the Thionville-Montmedy-Mezieres-Hirsen railway, cutting off their main line of communication from the south and place in jeopardy the large number of enemy troops inside the big sack. The strong opposition which last week was imposed against the French and Americans has died down almost completely and rearward actions on the part of the enemy predominate.

RELEASED FROM PRISON

Amsterdam, Nov. 4.—Dr. Friedrich Adler, who assassinated Austrian Premier Starckh on October 21, 1916 has been released from prison, according to Vienna advices.

PRISONERS TAKEN IN FINAL DRIVE BY ITALY 300,000

Five Thousand Guns Also Taken By Victors

WASHINGTON, Nov. 4.—Three hundred thousand Austrian soldiers and not less than 5,000 guns had been captured by the victorious Italian armies before the armistice went into effect at 3 o'clock this afternoon said an official dispatch tonight from Rome. This included all captures since the offensive began Oct. 24.

The soldiers of the once-powerful Austrian army the dispatch said, continued to flee in disorder. Since the offensive started sixty three Austro-Hungarian divisions were put out of combat by 51 Italian divisions, three British and three French divisions, with Czechoslovak units, and an American regiment.

"The war against Austria-Hungary, which was conducted under the high command of his majesty the king of Italy, with an army inferior in number and still inferior in means since the 24th of May, 1915, has come to an end," said the dispatch. "With unshakable faith the Italian army waged a continuous and hard war for a period of forty one months and won the stupendous battle begun the twenty fourth of October and in which were engaged in their entirety all the resources of the enemy."

"So far the enemy has left in our hands 300,000 prisoners and not less than 5,000 guns. The soldiers of what used to be one of the most powerful armies in the world are now fleeing in disorder and without hope from the valleys which they had invaded with truculent confidence. On October 31, after having overcome the resistance of powerful enemy rearwards our troops consisting of 51 Italian divisions, three British and two French divisions with Czechoslovak units and an American regiment put out of combat 63 Austro-Hungarian divisions."

"The rapid and most daring advance of the 29th army corps to the city of Trentino precluding the retreat of the defeated enemy troops pressed from the west by the 7th army corps and from the east by the first, sixth and fourth army corps, determined yesterday to complete crumbling of the Austrian front."

"From the river Brenta to the sea the irresistible impetus of the 12th, 10th and 8th army corps pressed inexorably the enemy retreating across the plain. The Duke of Acosta advancing rapidly at the head of his invincible 3rd army anxious to return to the old positions which he had once heroically conquered."

"The Austro-Hungarian army is destroyed. It has suffered heavy losses in the tenacious resistance during the first days of the offensive and in the pursuit it lost an enormous quantity of material and equipment. In Albania our advance guards have occupied Scutari."

AUSTRIA PASSES OUT OF WORLD WAR UNDER TERMS OF SURRENDER

WASHINGTON, Nov. 4.—Austria-Hungary, the last and most powerful ally of Germany, passed out of the world war today under terms of abject surrender. Not only have the armed forces of the once-powerful Austro-Hungarian empire laid down their arms to await the end of the war and peace terms dictated by the allies and the United States, but Austro-Hungarian territory is open for operations against Germany. Even the munitions of the former ally are to be used against the kaiser's armies if refusal to accept conditions now being prepared for them make prolonged fighting necessary. The terms which stopped the victorious advance on the Italian front were accepted by the Austrian commander-in-chief in the field in the name of the Vienna government and their execution is guaranteed by the thoro beating already administered which has converted the defeated army into a disorganized, fleeing horde. Even the terms imposed previously upon Bulgaria and Turkey hardly were so drastic. In addition to all of the military precautions, the Austrians are compelled to retire from a wide strip of territory within the borders of their empire when the war began, surrendering all of Italia Irrendentia and thereby losing any advantage for argument over boundaries around a peace table.

Both Parties Claim Victory for Their Candidates

CHICAGO, Nov. 4.—Voters of middle-western states were bombarded with final arguments tonight as a climax to the short but intensive campaigns which have been waged by candidates for state and federal offices. With prospects of generally fair weather and mild temperatures prevailing political leaders predicted an unusually heavy vote.

Political observers predicted however, there would be a light farmer vote in some sections because the farm labor shortage had delayed autumnal activities and the mild weather was a boon which many farmers could not forego for half a day. In such districts there was said to be a pre-election apathy which restrictions imposed by the influenza quarantines and the recent gasless Sundays could not entirely remove.

In the senatorial contests, generally centered in the Ford-Newberry contest in Michigan, the McCormick-Lewis race in Illinois; the attempt of Governor Capper to supplant Senator Thompson in the Kansas seat; the race between former Governor Folk and Judge S. P. Spencer in Missouri and the Kenyon-Keys struggle in Iowa.

In the gubernatorial field there have been many sharp contests complicated by local issues in many cases. Close contests are predicted in Nebraska, Iowa, Minnesota and Kansas.

HAYS CONFIDENT OF REPUBLICAN VICTORY

NEW YORK, Nov. 4.—After conferring with Frank H. Hitchcock, Charles D. Hilles and William R. Wilcox, former national chairman, Will H. Hays, chairman of the Republican national committee tonight issued the following statement:

"Last minute reports received tonight from every contest state confirm our advices of yesterday that the Republicans will carry both the senate and the house."

"To equal the Democratic vote in the senate the Republicans need to gain only four votes. We will gain at least seven."

"To equal the Democratic vote in the house the Republicans need to gain only five votes. We will gain at least twenty-six."

BERLIN PROTESTS AGAINST ALLIED AIRPLANE RAIDS

Note Delivered Thru Swiss Legation To Wilson

WASHINGTON, Nov. 4.—The German government today notified the United States that since Oct. 1 its air forces have been under orders to make attacks solely against important hostile military objects within the immediate operations of war on the assumption that Allied and American air forces were to receive similar instructions.

The note delivered thru the Swiss legation, protests that air raids have been carried out recently against seven German towns with loss of life among the civilian population and that unless such raids cease Germany cannot refrain from aerial attacks on allied territory outside of the zone of action.

This was the first notice received by the American government that such orders had been issued to the German air forces, which have constantly raided defenseless cities and towns in France, Great Britain and Italy since the war began. The state department made public the German note without comment. It follows:

"The German aerial forces have been under orders since the beginning of October of this year only to make bomb attacks which are directed solely against important hostile military objects within the immediate area of operations of war. These orders were issued on assumption that the enemy aerial forces were to receive similar instructions."

"In summing this the German people find themselves disappointed. A short time ago the enemy made bomb attacks on the German towns of Wetter, Kaiserlautern, Mannheim, Ludwigshafen, Freiburg, Forbach and Weisbaden, claiming numerous victims among the civilian population nor has occupied territory been spared. It is evident Germany can refrain from aerial attacks on enemy territory behind the area of operations only if on their side the enemy, attack, from now on will reciprocate and also refrain from making aerial attacks outside the area of operations."

"In the expectation that the intention shared by the other side to further humanity and preserve important objects of culture will meet with the understanding of the opponents the German government proposes to the governments of the other belligerents countries that corresponding instructions be issued without delay to their aerial forces informing it of the measures taken."

There was no intimation as to what action, if any the American government would take with regard to the German protest. It was said authoritatively however, that official reports show American air operations have not up to this time gone beyond attacks upon purely military objectives. Such damage as may have been caused to non-military property and civilian losses have been incidental, it was said.

In view of the repeated raids of German air forces during the last four years not only on defenseless towns in France, England and Belgium, but also on hospitals plainly marked and beyond the fighting zones, military and diplomatic observers here do not believe the German protest will be taken seriously by the Allied governments. It was regarded as possible that the German authorities have been forced to some step by the clamor of the German civil population particularly in the Rhine provinces where the belief is general that a mighty American air fleet is being built up to destroy towns there.

Washington, Nov. 4.—Millions of dollars worth of property belonging to women of American birth who have married German and Austrian subjects has been taken over by the alien property custodian. Many prominent women are in the list including Countess Gladys Vanderbilt Szechenyi, whose property was valued over amounts to nearly four million dollars in securities in addition to the income from a five million dollar trust fund created under the will of her father.

BEAUMONT, GERMAN STONGHOLD WEST OF MEUSE HELD BY YANKS

BULLETIN WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 4.—By the Associated Press.—General Pershing's forces continue to take their toll of prisoners today in the wake of the retreating Germans. The number captured early today was well above 5,000. Almost forty villages were occupied by the Americans in the territory reconquered from the Germans. There were indications at the beginning of the pursuit this morning that the Germans would be unable to make an effective stand at least today.

WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 4.—By the Associated Press.—In the face of stubborn opposition the Americans took and held firmly the wooded heights south of Beaumont, the last German stronghold west of the Meuse. The advance carried the lines forward for an average gain of five kilometers.

The forces on the heights are now only about seven and one-half miles from Carignan on the Mezieres-Metz railroad and about nine miles from Sedan bringing both places within range of the allied shell fire. The day's work may be said to have been complete. It was the principal phase of the American operation since the neck of the German lateral communications between the armies to the north and west was narrowed to the strangling point.

The attacking forces to the right and left advanced with less speed than at the center where an American division crashed thru despite the most stubborn opposition offered by the Germans since the beginning of the offensive. The apex of the line was driven to the heights, which are vital, affording dominating positions for the artillery.

Patrols went into and beyond the town itself, but its possession is unnecessary as long as the hills are held by the Americans. The Germans cannot fight over the terrain northeast because of the lack of communicating lines there. They must fall back as soon as the American artillery breaks up the remaining railroads, even if the main lines from Sedan to Metz are not smashed first. The military authorities were overjoyed with the results of the day's fighting, declaring that it may even spell the end of the present operation and that any other to the north, westward or directly eastward would constitute entirely new operations.

The German resistance encountered by the American troops on virtually all parts of the front was the feature of the fighting today. The opposition was especially stubborn on the right and left flanks where the enemy brought up reinforcements and defended himself with machine guns and artillery.

The American left wing pushed forward slowly. The Americans occupied Verrieres and Oches.

The right wing worked its way down the river Meuse and reached a line between Beaufort and Beaulieu and north of Hales and Wiseppe. This flank met with the most stubborn resistance from the enemy who fought bitterly to prevent encroachment on the important town of Stenay. American troops in mass made no effort to cross the river Meuse.

Patrols encountered heavy machine gun and artillery fire at every attempt. They remained at nightfall upon the west bank.

The center moved so fast that they took prisoner German reinforcements coming to aid their comrades in the front lines.

ITALY REJOICES OVER PEACE TERMS

WASHINGTON, Nov. 4.—News of the acceptance by Austria-Hungary of the armistice terms was received in all parts of Italy with great enthusiasm and in describable joy. Extra editions of newspapers were exhausted soon after they were off the presses and the Italian tricolors were floated above almost every house.

An official dispatch from Rome today giving these details also said all trains bound for the liberated districts and the districts soon to be liberated under the armistice were crowded with refugees. Numerous officials are being commissioned by the government to facilitate the return of these people to their homes. The Italian fleet and the allied units operating in the Adriatic, the dispatch said, were expected to occupy Pola, Cattaro and the other naval bases and also to take over the enemy fleet and submarines soon after the armistice became effective. Numerous contingents were reported in readiness to land at the naval bases and on the islands of Dalmatia.

DENIES CHARGES

Chicago, Nov. 4.—Mr. S. H. Dodson of Chicago, who was arrested in Tulsa, Okla., charged with representing himself as an agent of the department of the interior, denied today the charge of "swindling on a large scale," carried in dispatches of October 21 as the indictment concerned sales to only two men. The records here show the statement in the dispatches of October 21 that Mr. Dodson had been under federal indictment since 1915 were in error. Mr. Dodson asserted that the first time he had ever heard the title "Dollar Bill" Dodson was when it appeared in the newspapers.

MRS. RUSSELL SAGE DIES IN NEW YORK

NEW YORK, Nov. 4.—Mrs. Russell A. Sage, widow of Russell Sage, died here early today. Mrs. Sage was 90 years old had been in feeble health for several years and three or four days ago her condition became serious. Her death was caused by ailments due to advanced age. Mrs. Sage had been virtually a recluse in her Fifth Avenue mansion for several years. She had been but rarely in public and her visitors were limited to close friends and relatives.

COUNT KAROLY RESIGNS.

Amsterdam, Nov. 4.—According to a despatch from Budapest, Count Karoly has resigned the presidency of the Hungarian national council, which position he considers to be incompatible with the duties of the premiership. He has been succeeded at the head of the council by deputy Johann Hoch. Count Karoly will provisionally take the portfolio of foreign affairs.

You now have a chance to honor the local Grand Army Post by voting for one of them for the position of County Commissioner so that its members may get a square deal and full recognition in the building of the soldiers' monument. A vote for Captain Swales will mean that very thing and long delayed justice will be brought about. Put him "over the top."

This is a good time to show patriotism by voting for a veteran who went the full route, from Cairo to the Sea, in order that government of, for and by the people should not be banished from the earth. Captain Swales did that very thing and is worthy of the support of all our citizens, regardless of politics and partisanship. Think it over.

THE RIGHT TYPE

(New York Tribune)

The voters of the 17th District have a chance to send to Congress a man of the right type. Frederick C. Tanner is the Republican nominee, standing for a first term; and men of his sort ought to be encouraged to serve the city in Washington.

Mr. Tanner is a man of experience and character, familiar with the city's needs and competent to present them effectively. New York used to send to the House many men of ability and breadth of vision. In recent years the standard has been sadly lowered. We have a few good Representatives. But our city delegation, as a whole, is relatively less influential than that of any other large city in the country.

We should not be satisfied with commonplace Congressman. Mr. Tanner is not commonplace. He has energy and ambition and an earnest desire to advance the city's interests. Elect him. Raise the average. We need many more congressmen of his promising pattern.

WE NO LONGER LEAD.

"Simultaneously with the establishment of peace there will come a stiffening in the competition for the trade of the foreign markets, and the United States will at once feel the effect of the preparation of European countries for the campaign to recover lost trade and to acquire new," declares Mr. John H. Allen, vice president of the National City Bank of New York. Mr. Allen points to the fact that foreign trade with the British is a science, and England is going about preparing for it with cool deliberateness. Surely if England, France, Italy and even Germany, are taking steps looking forward to the future of their foreign trade, the United States should be able to. Senator John Weeks has offered a reconstruction measure in the Senate, which, if it is not murdered by the President, will devote a large amount of attention to problems of post-war trade. We ought to take the lead in these matters, not wait for Great Britain, or France, to show us the way, and, even then, fail to follow their example. What has

come over us in this respect? We didn't used to be so slow in matters of commerce.

KEEP YOUR LIBERTY BONDS.

The wide distribution among millions of citizens of Liberty Loan bonds makes our Liberty Loans, according to Secretary of the Treasury McAdoo's expressed opinion, the soundness of national financing.

United States Government bonds in the past have gone above par, as high as \$139 for a \$100 four per cent bond. That Liberty Bonds will go well above par when peace comes is very probable. Holding one's Liberty Bonds, therefore, is wise as well as patriotic.

Every holder of a Liberty Loan bond should heed the caution to hold to his or her bonds, because there are going to be great efforts by shrewd and insoucious people to buy or secure at inadequate prices these bonds from holders who are not well informed as to stock and bond values.

Worthless or near worthless stock or stock of only speculative value—"wildcat stocks" they are called—are going to be offered for Liberty Bonds. Some will be urged not to sell or exchange their Liberty Loan Bonds, but to buy the stock and give the Liberty Bonds as security for the purchase. This is a camouflaged attempt to get Liberty Bonds in exchange for the stock of their companies.

If every holder of a Liberty Bond will consult a bank before he disposes of it, the get-rich-quick concerns will not prosper, but the individual bondholders will, and the American people as a whole will be benefited.

THE PROBLEMS RECONSTRUCTION.

Reconstruction is a great business problem, as was also the marshalling of the country's resources for war. The future welfare of the nation is vitally involved in whether or not the best business solution of the problems is accomplished. This leads the Bache Review to say:

"In selecting Representatives in the Government, it is a question of, first, whether their records show that they are true Americans, unwaveringly pledged to unconditional surrender of the enemy, and to such a full measure of just retribution and punishment as will keep Germans forever from again going to war for profit. (And the character of the German people as displayed in this unholy war is such that to insure reforms which shall be permanent for the next fifty years, the measure of punishment must be the most severe and rigid that has ever been visited upon any people in the history of the world.)

"These are the first qualifications needed. Next, the men in office and legislative charge of reconstruction with its intensely complex problems must be sound and conservative, with broad practical vision and experience.

"It is the solemn duty of the American voter to rid his mind of prejudice and to select from the candidates men who most nearly approach these standards."

EPIDEMIC STILL PREVAILS.

The report on Monday to the health warden's office of 33 new cases of influenza and 5 cases of pneumonia, shows that the epidemic is far from over in the city. In spite of favorable weather the improvement hoped for a few days ago has not been realized. In recent days a growing tendency is noticeable to relax in the observance of quarantine regulations. This is not as it should be.

So far Jacksonville has been spared the appalling numbers of flu victims which some communities have suffered. Nevertheless the toll has been great enough to cast gloom upon many homes in our midst, and a sadness upon every right-minded person. The prompt action of the authorities in closing everything not absolutely necessary undoubtedly helped to stop the spread of the disease. Substantial business men, the suffering great financial loss, the school authorities and churches the suffering great inconvenience and complete disorganization of their work, have acquiesced without one word of complaint. Hard working nurses, doctors, committees, men and women, boys and girls have labored and are still working night and day to keep this disease under control.

Yet they are not being supported by many in the community. Parties, and other social gatherings are being held. Fires of leaves are burning, filling the lungs of the sick who are laboring for every breath. It is surprising that such things should happen in a community so law

abiding, so patriotic and so intelligent as ours.

It is not right for a portion of the citizens to shoulder the burden of this epidemic and not have the co-operation of every one. Nothing can be accomplished in any community work unless every right-minded person does his duty.

AGAINST THE WAR CHESTS.

The State Council of Defense has received the following bulletin from Grosvenor B. Clarkson, Director of the Field Division, Council of National Defense:

"In order that the national campaigns for funds for war purposes may be confined and separated by proper intervals, the American Red Cross informs us that it will conduct its next campaign for funds in the spring, and that it expects to make one annual appeal for funds.

"At the same time the American Red Cross feels that it is essential to the strength of its organization as well as to the successful conduct of its solicitation, that this campaign should be conducted throughout the nation on a unified basis, by solicitors operating directly under Red Cross campaign management and soliciting on behalf of the Red Cross exclusively. Any effort of War Chests or similar bodies to collect funds for general war purposes including the Red Cross, and thus to provide for a lump community contribution to the Red Cross Fund, breaks up this national campaign and seriously interferes with the development of the "Red Cross Morale" which is quite as essential to the work of the Red Cross as the procurement of funds.

"The Council of National Defense believes that the American Red Cross is justified in its desire to conduct its campaign upon this national basis and that interference therewith is detrimental to the public welfare in the conduct of the war. The Council of National Defense, therefore, unites with the American Red Cross in requesting each State Council of Defense not to undertake and to prevent on the part of its local Council or other local bodies any solicitation of funds, all or part of which are to be turned over to the American Red Cross, except solicitation by accredited Red Cross agents in the annual Red Cross campaign.

"It should not be inferred from this that the American Red Cross does not desire the assistance of the State Council in its annual campaign. The Red Cross welcomes this aid, which has proved so valuable to it in the past, and sincerely hopes that the State Council will arrange with the Red Cross campaign managers to render similar assistance in the next campaign."

THE ELECTION TODAY

This is election day and the polls will open at 7 o'clock and close at 5. It will give the people an opportunity of expressing their preferences for U. S. senators, congressmen, several state officers, members of the general assembly, and county officers. The weather indications are for a clear day and consequently a heavy vote is expected. The campaign just closing has been unusual in many ways. Probably because of the rare, late election interest and candidates have found it difficult to create much enthusiasm. Then more recently came the influenza epidemic, preventing the holding of public meetings or even largely attended conferences. So it has been very much a "man to man" campaign, with personal appeals made by the candidates by spoken word or thru the press.

There has been all along a general feeling that this is a Republican year and when the president's appeal for supporting all Democrats was recently issued long-time politicians were not long in predicting a Republican landslide. Whether or not this will involve the county candidates remains to be seen; when the ballots are counted today. At any rate it is believed that there will not be as many scratched ballots as usual, and that there will be more men than normally who cast their straight party ballot.

At this final hour it is well to again call attention to the excellence of the ticket that the Republicans are able to offer in district and county offices. Dr. John A. Wheeler, candidate for senator, has made an excellent record in the public position he has held and as senator he will serve this district well.

Jacob Frisch as a member of the legislature has been tried and not found wanting and his present running mate, Fred W. Wanless, is a strong business man, well esteemed all over his home county.

When local Republicans named Paul Samuel for county judge they selected one of the younger members of the Morgan county bar who was rightly referred to as "Judicial Tiger."

George L. Riggs has made a quiet and thorough canvass for county clerk and has impressed voters everywhere as a forceful and competent man.

Making his campaign for sheriff, Vincent Riley has promised a clean and efficient administration chosen for that office, and the stability he has shown thru all the years of his residence in Morgan county guarantees that the platform means just what the words indicate.

As county treasurer Grant Graff can give to the county an office conducted along the best business lines. He is ready to accord people every possible courtesy and at the same time will keep the best interests of the county in mind.

Truman P. Carter, candidate for superintendent of schools, has for twenty years past given educational subjects his best thought and is ready to devote himself unreservedly to the duties of the superintendency.

Capt. J. M. Swales, only veteran of the Civil war who is seek-

ing office, will, if elected commissioner, make the business of the county his business. Capt. Swales has a real desire to serve the county and to make a record for himself. He is a fine type of citizenship and he should have a heavy vote in the election today.

Vote the Republican ticket and you have the assurance that you are supporting men either tried in public office or known to be competent to fill the offices they are seeking.

Rippling Rhymes

By Walt Mason

A New World

When Wilhelm's hosts embattled have ceased their course of crime, no sabres shall be raised. I hope, till end of time; no helmets will be gleaming, no tyrants will be scheming, no futile princes dreaming of victories sublime. For all the world is weary of war and all its works; of Prussians red and beery, of Austrians and Turks; of war lords grim and haughty, of faithless men and naughty, of princelings puck and dotty—their presence pains and irks. And all the world is yearning to get to work once more; to do the weekly churning and every useful chore; to paint the northwest gable, repair the kitchen table, to renovate the stable, and fix the cellar door. And if, when we are toiling at useful tasks like these, we find some princeling spoiling for swords and snickerness, before he's one hour older we'll seize him by the shoulder, and soak him with a boulder, until some stars he sees. This long war must be ended by rules laid down by Hoyle; a triumph great and splendid must finish the turmoil; and then we'll bust the beeper of any scented geezer of any tin horn Cossack who'd interrupt our toil. We all are sick with sorrow, with mourning for our dead, yet there's tomorrow when this sad day is dead when the war lords won't be kinging, and workers will be singing, while doves of peace are winging in gladness overhead.

"HIS DATE IN HISTORY"

November 5, 1860—Meeting of the State electors for Illinois in the Senate Chamber, pursuant to law, for the purpose of casting the vote of the State as a unit in the electoral college, for Hon. Abraham Lincoln. The "bug gun" of the wide awakes was brought forth to honor the occasion.

Henry J. Rodgers is the only Morgan county man who is a candidate for the legislature.

C. A. BORUFF

Candidate for

County Clerk

Offers the people of Morgan county the ability gained through eight years spent in that office, thus assuring them of a clean, business-like, and efficient conduct of the affairs in this important office.

Mr. Boruff has well demonstrated his ability to take care of the multitudinous duties attached to the county clerkship and that he has pleasingly performed these duties is witnessed by the fact that the independent press of the county have paid him high compliment editorially.

Hire the County Clerk for Morgan County the same as you would hire a man to do important work for you personally—select the man who has demonstrated that he is qualified for the position and don't choose one who is wholly unfamiliar with the work at this time.

Vote for C. A. Boruff for County Clerk. Election Tuesday (today), Nov. 5, 1918.

WAR ACTIVITIES DRIVE AT WOMAN'S COLLEGE

Committees Already Busy at Work Planning to Reach College Goal of \$2000.

The War Activities Campaign at the Illinois Woman's College was launched Saturday at chapel. Miss Gladys H. Goodale, campaign chairman, was in charge of the "setting up" meeting. After the singing of "America the Beautiful," Miss Goodale outlined the program of the campaign. Thereupon, five four-minute speeches were delivered.

Miss Zay Wright referred to the seven allied organizations in an address entitled "Taking Billy from the Home to the Front." The work of the Y. W. C. A. as represented by camp activities and hostess houses was represented by Miss Lorene Smith. The Salvation Army sending a man and his wife to the dugouts of the front trenches with cheer, doughnuts and coffee was extolled by Miss Florence Madden. Miss Vera Wardner who attended the conferences of colleges recently held in Chicago reported for the same and summarized Sherwood Eddy's challenge to the collegiate world. Miss Ruth Kuss asked the question, "What will the Y. W. C. do in the face of the needs of these organizations?" The chairman called for a discussion from the floor. After a number of the students had suggested means whereby an average gift of ten dollars could be made possible, it was unanimously carried to set the goal at \$2,000.

A ship is under construction, which will set sail from the Woman's College for France as soon as the first subscription is announced. The full thousand dollars will carry the ship to the boys "over there." It is not expected that the college ship will have to be towed into harbor. Word was received this morning that the pledge of I. W. C. compares favorably with other colleges. Eureka College has subscribed \$1,000, Carthage College \$500, Northwestern College \$1,800, Illinois Wesleyan \$2,000, Knox College \$2,500.

Miss Barrett, city librarian, addressed the Y. W. C. A. Sunday afternoon of the work of the American Library Association. Mr. Stafford of the Canadian army will address the college on Tuesday. The rest of the week will be given over to an intensive campaign. The program chairman is Miss Miriam Siple. Miss Lalla Skinner is publicity chairman, and Miss Cordella Randolph is chairman of the finance committee.

Vote today for Wm. E. Thomson for county judge. (Adv.)

SEEKS RE-ELECTION

Judge William E. Thomson has made a good county judge. He is an every-day sort of fellow, but as a judge he measures high, even being called to hold court in Chicago. His experience makes him more valuable and one good thing deserves another. Morgan county knows what he can do and needs him in office. (Waverly Journal)—adv.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use.

BOARD OF EDUCATION ADOPTS ANNUAL BUDGET

Amount Needed for Operation of School for 1918-19 is designated — Other Matters Given Attention.

The board of education met last evening; passed salary payroll and current bills; adopted an important budget; ordered certain work done in the heating plant; declined to release Miss Wardhaugh unless a substitute could be found; ordered letter of condolence to Miss Maud Brown; decided to join the state association of boards and teachers; transacted various other matters of business.

The Proceedings
The board met in regular session with all members present except Members Black, Duncan and Muehlhausen. The latter two came in during the meeting.

Current bills of \$1,216.68 and salary roll of \$7,943.03 were ordered paid.
The following budget was adopted for the school year, 1918-19:
Income
Local tax levy \$ 70,000
State distributable fund 8,000
Building 50,000
..... \$128,000
The local tax levy will probably fall short \$3,000 and the building fund \$3,000, making the sum actually received \$122,000.
Expenditures as follows:
General Control
Board and superintendent's offices:
Sundries \$1,785
Compulsory attendance 410

Superintendence 2,750
Elections and auditing 1,100
..... \$5,850
Instruction
Principals (one-half supervisory):
High school, senior \$1,815.00
David Prince, Junior H. S. 1,149.50
Stenographer, H. S. and D. P. 297.00
Supervisors, Music and art 1,760.00
Principals and teachers 59,400.00
Substitutes 400.00
Supplies for instruction
Indigent, department etc. 1,400.00
..... \$68,266.50
Operating school plant, janitors, engineers, fuel, water, light, power, gas, telephones \$13,575.00
Maintenance of School Plant
Repairs \$ 4,000
Replacements 5,150
Insurance 1,300
Rent and taxes 370
..... \$20,820
Auxiliary agencies, libraries, school nurse, physical training, supplies, interest \$1,941.50
Capital Outlay
Pavement \$200
New equipment \$425
..... \$625
Contingent, general and building \$22,227
Grand total \$122,500
In the matter of lockers the superintendent said one house applied to was unable to furnish them and another house had not yet been heard from definitely.

The building and supplies committee reported a bid for walk across Jordan street, F. Williams & Cox, \$46.60. Injured trees on high school ground would be removed for the wood.
In the matter of ventilation, J. K. C. Pierson, architect, said an air pump exhaustor could be installed and Bernard Gause had offered to install an electrically driven exhaust pump good for 12,000 feet of radiation for \$325, exclusive of the wiring. The matter was referred to the building committee with power to act.

Architect Pierson presented the matter of the boiler house return pipe carrying back the water from the team which had been used in heating. He had at first meant to convey the water to a cistern and have it pumped into the boiler, but for \$45 to \$50 it might be conveyed directly to the intake pipe and it was decided to continue the return pipe to the boiler house with cross connection to the water receiver.
Later on the building and grounds committee thought it well to have a condensing cistern in addition and the matter was left to them with power to act.
The secretary was instructed to draw a warrant for \$400 to Architect Pierson on account.

Boiler House Nearly Completed
It was stated that the new boiler house would be fully completed and all connections made the latter part of this week or first of next.
The resignation of Miss Edna Wardhaugh as teacher in the Washington school was presented and aroused considerable discussion. The board voted to not accept it.
The secretary was instructed to send Miss Maud Brown a letter of sympathy over the death of her sister.

The president reported that it had been impracticable to have Mr. Royer, the successful high school architect, present at this meeting but that he would be here at a future date.
New High School Building
Regarding permission to go ahead with the new high school building the president said he had taken up the matter with the local board of the state council of defense who had special charge of building permits and through them had conferred with Mr. Insull, state chairman and the work had been denied. He had then proceeded to confer with the U. S. commissioner of education as he deemed it possible that the great need of the new building might cause a special ruling and the matter was undecided.

It was reported that the open school building would soon be vacated and orders were given to have it thoroughly disinfected and fumigated before being used as a schoolhouse.
A portable closet was ordered for reception of apparatus used at the Woman's college.
Supt. Perrin stated that the State School Board and Teachers' association would meet in Decatur Nov. 22 and 23 and very important matters would be discussed and some very desirable laws would be framed to present to the legislature and he thought it would be well for the board to pay the admission fee of \$5 and send delegates. So ordered. The superintendent, secretary and Mr. Metcalf to attend.

The state high school teachers' conference will be held in Champaign Nov. 21-3. Heretofore the teachers had been permitted to go if they desired but no action was taken last night.
EXEMPTION BOARD NOTES
Herman Evans is here on a furlough from West Point, Ky. He visited the office of the local board yesterday and in the conversation which resulted reference was made to the six men who constituted the first contingent sent out from Morgan county by the local board. Beside Mr. Evans the group included Walter Andre, who was subsequently discharged from the service; Fred Reagel of Waverly, who is now taking training in the radio department of the army; Frank Kormeyer, Merodasia, Charles Radford, Jacksonville, who are in overseas service, and Kenneth Skeens of Franklin, who died in an army hospital.

Miss Helen Wyle of the local board office spent Sunday with relatives in Waverly.

was referred to the building committee with power to act.
Architect Pierson presented the matter of the boiler house return pipe carrying back the water from the team which had been used in heating. He had at first meant to convey the water to a cistern and have it pumped into the boiler, but for \$45 to \$50 it might be conveyed directly to the intake pipe and it was decided to continue the return pipe to the boiler house with cross connection to the water receiver.
Later on the building and grounds committee thought it well to have a condensing cistern in addition and the matter was left to them with power to act.
The secretary was instructed to draw a warrant for \$400 to Architect Pierson on account.

Boiler House Nearly Completed
It was stated that the new boiler house would be fully completed and all connections made the latter part of this week or first of next.
The resignation of Miss Edna Wardhaugh as teacher in the Washington school was presented and aroused considerable discussion. The board voted to not accept it.
The secretary was instructed to send Miss Maud Brown a letter of sympathy over the death of her sister.

The president reported that it had been impracticable to have Mr. Royer, the successful high school architect, present at this meeting but that he would be here at a future date.
New High School Building
Regarding permission to go ahead with the new high school building the president said he had taken up the matter with the local board of the state council of defense who had special charge of building permits and through them had conferred with Mr. Insull, state chairman and the work had been denied. He had then proceeded to confer with the U. S. commissioner of education as he deemed it possible that the great need of the new building might cause a special ruling and the matter was undecided.

It was reported that the open school building would soon be vacated and orders were given to have it thoroughly disinfected and fumigated before being used as a schoolhouse.
A portable closet was ordered for reception of apparatus used at the Woman's college.
Supt. Perrin stated that the State School Board and Teachers' association would meet in Decatur Nov. 22 and 23 and very important matters would be discussed and some very desirable laws would be framed to present to the legislature and he thought it would be well for the board to pay the admission fee of \$5 and send delegates. So ordered. The superintendent, secretary and Mr. Metcalf to attend.

The state high school teachers' conference will be held in Champaign Nov. 21-3. Heretofore the teachers had been permitted to go if they desired but no action was taken last night.
EXEMPTION BOARD NOTES
Herman Evans is here on a furlough from West Point, Ky. He visited the office of the local board yesterday and in the conversation which resulted reference was made to the six men who constituted the first contingent sent out from Morgan county by the local board. Beside Mr. Evans the group included Walter Andre, who was subsequently discharged from the service; Fred Reagel of Waverly, who is now taking training in the radio department of the army; Frank Kormeyer, Merodasia, Charles Radford, Jacksonville, who are in overseas service, and Kenneth Skeens of Franklin, who died in an army hospital.

Miss Helen Wyle of the local board office spent Sunday with relatives in Waverly.

EXPERIENCE COUNTS IN COUNTY JUDGE'S OFFICE

Judge William E. Thomson Offers People of Morgan County Tried and Proved Ability.
In every line of work employers seek to hire men experienced in the work which they are to do, and men whose records they know. Even then they are usually hired by the week or month only.

The people of Morgan county are about to hire (elect) a County Judge.
The County Judge is elected not for a week or month, but for four years, and without recall. It is therefore of great importance that careful consideration be given in this matter.

The voters of Morgan county have as an applicant for this position William E. Thomson, the present County Judge. For four years he has borne the responsibilities of the office and is proficient in the various duties thereof.

From him you need no promise or claim; you need not guess as to how he will fill the office. You know. His record is before you.
He has served you faithfully and efficiently and respectfully asks you to re-elect him today. (adv.)

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful at Once.

Try as you will, after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.
A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.—Adv.

SERG. RODGERS WRITES FROM BATTLE FRONT

Finds Unique Way to Let His Father Know He Is Near Verdun — Jacksonville Boys at Banquet

Mayor Rodgers received yesterday from his son, Sergt. Jay Rodgers who, has been with the American Expeditionary Forces in France for months past, which indicates that the soldier has been taking part in the historic fighting near Verdun. The letter gives many interesting personal observations by the writer and refers to a "reunion dinner" in which he was recently a glad participant. He said "Oh, I forgot to tell you about the reunion dinner. We arrived at our present station the other day and found George Vasconcellos and McConnell already on the job. The next day we polished a piece of steak and some other things and had a regular banquet. Jack Capps, Vasconcellos, McConnell and I certainly enjoyed that banquet."

In sending a letter from France it is not possible to indicate where the letter is written and Sergt. Rodgers chose a unique way to indicate to his father that part of the battle front in which he is located. In this letter and in several previous ones he has referred to Gregory Clemmons, saying, "Well, you know about Gregory Clemmons. That's where I am."

As a matter of fact it took Mayor Rodgers and his family several weeks to get it into their minds that Gregory Clemmons, who formerly lived in Jacksonville, came here from Virden, Macoupin county, and the name of that town when pronounced sounds just exactly like Verdun. That Sergt. Rodgers believes the war is nearing its closing days is indicated by his reference to his brother-in-law, Dr. W. E. Spooner for he says, "Spoons will have to hurry if he is going very far. I hope the general developments will be such that he will be too late, not wishing him any bad luck either."

In his concluding paragraph Sergt. Rodgers says: "The show now going on is the biggest one yet, according to all reports, as well as to all immediate indications. I wouldn't miss it for all the world. I am still living with George Vasconcellos. He got mixed up with a Ford a day or two ago which rudely ran over him."

Yes; S. S. S. Is Purely Vegetable

Nature's Safe Blood Treatment

Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Disease
Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dys-

pepsia and often entirely ruining the health.
S. S. S. is made entirely of gentle-acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for rheumatism, catarrh, scrofula, sores and ulcers, skin diseases, blood poison, and all disorders of the blood. It cleanses the entire system and its permanent. Get S. S. S. at any drug store today. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. **VOTE TUESDAY FOR
H. H. Vasconcellos**
CANDIDATE FOR
County Superintendent of Schools

**A FEW FACTS
FOR YOUR CONSIDERATION**

Mr. Vasconcellos after working his way thru school, has spent his entire life in educational work, as a teacher, as an assistant superintendent, and as superintendent.

Practically one half of the schools, under his supervision, have reached the "Standard School" requirements, and a great many more are near the standard as defined by law.

Mr. Vasconcellos has a thorough knowledge of the school law, which is very essential in the conduct of the office.

He possesses the ability to conduct the business as well as the educational side of the office, as is shown by the noticeable progress of the schools.

A vote for Vasconcellos for County Superintendent of schools on November 5th, is a vote for the best interests of the schools of Morgan county.

WAR WORK CAMPAIGN TEAMS ORGANIZING

Dr. C. H. Rammelkamp Has
Named Captains and Lieutenants
for Four City Wards

The list of captains and lieutenants who will have the direction of the soliciting of funds in the United War Work campaign has been announced by Dr. C. H. Rammelkamp, chairman of Morgan county. All the men chosen are capable and enthusiastic about the work soon to be undertaken, and there is every indication that the campaign will be a successful one. Dr. Rammelkamp met the captains and lieutenants recently at the Y. M. C. A. building and went over the various phases of the campaign work, and it was decided to conduct the campaign in a way similar to that of the Red Cross last spring.

The campaign headquarters were opened Monday in the Hayden and Van Os store rooms on South Sandy streets, the rooms which served a like purpose during the Red Cross drive. The owners of the buildings have given proof of their patriotism by donating their use rent free. Telephones are installed and everything is in readiness for the campaign. The public meetings to be held in connection with the campaign will be announced later. It being assumed that the present health restrictions regarding public gatherings will have been removed before the campaign begins. Preliminary meetings in the interest of the campaign are now permissible under the rule of the state health department.

A committee composed of Mrs. W. E. Spoons, chairman, Mrs. Paul Samuell and Miss Lydia Fayette has been for several days preparing the subscription cards to be used during the campaign, and they have had the able assistance of a number of stenographers and other volunteer workers in this work.

COLLEGE Y. M. C. A.

On Sunday afternoon the members of the Y. M. C. A. had their first Y. M. C. A. meeting. Under orders of the commanding officer, Lieut. Coon, the men marched to the chapel of Illinois college. The newly appointed Y. M. C. A. secretary Rev. W. E. Collins opened the meeting with singing, scripture reading and prayer and afterwards called on President Rammelkamp and Lieut. Coon as the educational and military authorities to speak of the place of the Y. M. C. A. in the life of the men. Rev. M. L. Pontius of the Christian church addressed the men on his recent Liberty loan experiences which proved exceedingly interesting. In a few words Secretary Collins stated his willingness to serve the men and hoped that they would feel that the Y. M. C. A. was their friend at all times. It is expected that from time to time meetings of this nature will be held and from the attitude of the men it seems as if they will be much appreciated.

Gottschell.

William George Gottschell died at his home in Franklin Sunday evening of pneumonia after a few days' illness.

Deceased was born May 28, 1856 and has been a resident of Franklin for several years. He was a member of the Methodist church of Franklin and was a man highly regarded in his home community.

Mr. Gottschell leaves his widow and one son, Johnson R. Gottschell and one daughter, Mrs. Mabel Hart both of Franklin. A few weeks ago Mrs. Hart lost her husband who died at Camp Taylor of pneumonia. He also leaves one grand child, Thelma Hart, two brothers, Louis R. Gottschell of Franklin and John Gottschell of Waverly. Mrs. Gottschell and Mrs. Hart are also ill of pneumonia. Funeral services will be held this afternoon in Franklin cemetery in charge of the Rev. Mr. Miller.

Suits.

Una Bethany Rogers was born near Atwater, Ill., Jan. 13, 1870, and departed this life, Nov. 2, 1918, aged 48 years, 9 months and 19 days, at a local hospital. She had not been in good health for several years but bore her sufferings with a smile and had always expressed herself as being ready to go when she was called.

At the age of 15 years she was converted and united with the Christian church and was always a faithful and devoted attendant until her health would not permit to her go.

She was united in marriage to Arthur Suits of Litchfield on Sept. 5, 1890, who with two daughters survive her. Mrs. Kenneth Irwin and Miss Mary Suits of Springfield, and the following brothers and sisters, her mother, Mrs. Mary Rogers and Mrs. N. A. Braham of Jacksonville, Mrs. William Kirby of Franklin, Mrs. W. E. Wood of Olivet, Ill., and G. P. Rogers of Eureka Springs, Ark., besides a large number of relatives and friends.

The services were held at 4:30 Sunday afternoon at Diamond Grove cemetery, Rev. M. L. Pontius was in charge.

Ward

Mrs. J. Walton Ward died at the family home, 512 south Lafayette street, Beardstown, after an illness of two weeks of pneumonia following an attack of influenza.

Decased was formerly Miss Emma Strawn, daughter of Jacob and Emma Strawn and was born in Franklin twenty-six years ago. She grew to womanhood in that city and was a graduate of the Franklin high school.

She was united in marriage to J. Walton Ward of Beardstown, May 31, 1913. Since that time she has resided in Beardstown. Besides her husband she is survived by her stepfather, J. A. Caldwell, two brothers, John B. Strawn of Franklin and Clifton Strawn of Pawnee.

Mrs. Ward was a member of Franklin M. E. church and of the Beardstown woman's club and was a woman highly regarded in the circle of friends. Her husband is proprietor of the Ward's Agency in this city.

Funeral services will be held from the residence Wednesday morning at 7 o'clock in charge of the Rev. A. L. Casely. The remains will then be taken to Franklin where services will be held in Franklin cemetery at 10 o'clock and burial made.

Wolke

Mrs. Joseph Wolke died at her home, 905 West Edgmont street Sunday evening at 9 o'clock of pneumonia, following an attack of influenza. She was preceded in death, a few hours, by her infant son.

Mrs. Wolke was a daughter of Mr. and Mrs. William J. Barnard of Athensville, Ill., Greene county. She would have been 21 years of age Nov. 25. Besides her husband and her father and mother she leaves the following brothers and sisters to mourn her death: Mrs. Walter Chapman, Bourbon, Mo.; Gertrude Barnard, at home; Mrs. Elmer E. Hinman, Cuba, Mo.; Charles Barnard, White Hall; Kirk and Ernest of Athensville; Russell, in the navy; Mrs. Frank Blair, White Hall; Gladys, Sylvia and Pansy at home, and several nieces and nephews; one sister, Josephine, preceded her in death.

Deceased united with the Baptist church at Athensville, in 1912, and was united in marriage with Joseph Wolke, Feb. 12, 1917.

She was of a jolly, happy disposition and made friends wherever she went.

Funeral services will be held at Diamond Grove cemetery Wednesday at 10 a. m. in charge of Rev. W. R. Johnson of Winchester.

MATRIMONIAL

Bradley-Brendel.
Thomas Bradley and Miss Blanche Brendel, both of Virden, were united in marriage Monday afternoon by Rev. A. A. Todd, at his home on North Prairie street. The young people were accompanied by the groom's parents, Mr. and Mrs. M. Bradley of Macoupin county. The bride and groom are well known in Virden and will begin married life under very happy circumstances.

Allen-Sallee.
Smith-Sallee.

George H. Allen and Miss Lucinda Sallee and Eddie T. Smith and Miss Josie Sallee were united in marriage by Justice Opperman at his office in the Yates building at 10 o'clock Monday morning. It was the first double header wedding Justice Opperman had performed but he did it with the ease of a veteran and in an impressive manner. All of the parties reside in Jacksonville, the grooms being employed as teamsters.

Born to Mr. and Mrs. Walter Bellatti at Red Cross emergency hospital Monday evening, a son.

WINCHESTER

Winchester, Nov. 4.—Dr. William W. Wainwright and family motored from Alton to visit relatives here.

Rev. George W. Murray had a private sale of household goods at his home Saturday. Mr. Murray will leave Tuesday for Quincy, where he and his wife will make their home. They have long been residents of Scott county and have many friends who regret to see them leave, but wish them happiness in their new home.

A daughter arrived at the home of Mr. and Mrs. Herman Martin.

The Scott county local board examined three men Sunday for army service. They were George Kirkpatrick, Ben Johnson and John L. Jackson.

The day was examined Monday. The board has been getting out about 60 questionnaires a day recently. An order has been received to send five men to Spartanburg, Ga. The new order does not include any of the 42 men previously ordered to camp. This new order takes all of class 1 men re-examined prior to September.

Mrs. Ernest Harten and little daughter arrived Sunday from Canton to visit at the home of Robert Woodall and family.

Home Herman Smith arrived home Saturday night from Pekin where he went to help care for members of the family of Fred Switzer, who were ill. Now Mrs. Smith is confined to her home with an attack of influenza.

Little Allen Watt is the fifth member of the family ill with influenza.

Mrs. Murtle Southwell and two daughters returned Sunday night from Alsey where they have been visiting.

Mrs. Bird Claywell and daughters returned Sunday night from Alsey where they have been visiting.

Mrs. Bird Claywell and daughter, Miss Pearl, and Earl Claywell and bride left Monday afternoon for Jacksonville to be present at the Scott-Wheeler wedding.

Mr. and Mrs. Ralph Curtis of Manchester were business visitors here Monday.

Mrs. H. H. Fletcher returned Monday noon from Camp Greenleaf, Chattanooga, Tenn., where she has been for a visit with her husband for the past two weeks.

Mrs. Samuel Bailey and daughters are confined to their home with influenza.

Mrs. Herbert Cooper arrived Monday from Carrollton to visit relatives.

Mr. and Mrs. Elmer Coultas returned Sunday to their home in Concord after a short visit here.

Mrs. Effie McLean of Springfield spent the week with her parents. Mr. and Mrs. Peter Obeymeyer.

Rev. W. R. Johnson was able to be out Monday. He is recovering from the influenza.

Miss Perry Coultas left Sunday for Monmouth. Miss Coultas is assisting her father in some work there.

Henry J. Rodgers is the only Morgan county man who is a candidate for the legislature.

Judge M. T. Layman came down from Chicago last night, where he is spending the winter, in order to cast his ballot today. Judge Layman will remain a number of days on account of circuit court business.

ANNOUNCEMENTS

For County Clerk
I hereby announce myself as the duly nominated candidate on the Republican ticket for the office of county clerk, subject to election Tuesday, Nov. 5, 1918.
George L. Riggs.

At the recent Republican primary I was nominated for the office of assessor and treasurer and will seek that office at the election in November. Your support will be appreciated.
Grant Graf.

I hereby announce myself as a candidate for sheriff of Morgan county on the Republican ticket to stand for a clean, efficient administration.
Vincent R. Riley.

FOR COUNTY COMMISSIONER
Having won the Republican nomination for county commissioner at the September primary, I am still in the race and am appealing to the patriotic people of Morgan county to assist me in going "over the top" on November 5. Your votes will be duly appreciated regardless of party or party affiliations.
J. M. Swales.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

FUNERAL OF RALPH BRIGGS

Funeral services for Ralph Briggs will be held from the residence of Harry Bell in Beardstown this morning at 11 o'clock. The remains will then be brought to this city by auto arriving at 1:30 o'clock and burial will be made in Diamond Grove cemetery.

G. L. RIGGS

Good Ten Years
Record

To Whom it May Concern

It is with great pleasure that I most heartily recommend Mr. George L. Riggs of Jacksonville, Illinois, to any prospective employer or the public at large for service in any capacity for which he may apply.

Mr. Riggs has been in our employ for more than ten consecutive years, his work has come under my personal supervision during this time and I have found him to be absolutely above reproach, he is an untiring worker, loyal to any trust, his integrity beyond question and with this requisite, knowing it to be true, I have no hesitancy in recommending him without reservation.

He has handled for us a business of approximately \$200,000 per annum with credit to himself and to our satisfaction and with this record he is worthy of trust and the confidence of any and all who may find reason to make inquiry.

It is with regret that we allow him to leave our employ, but since he has seen fit to seek other fields to promote his personal interests we must submit and wish him well and cannot do other than recommend him for service, either private or public, fully believing he will merit such confidence as may be placed upon him.

Sincerely yours,
C. L. Hatfield, Proprietor,

FROM COUNTY AGENT'S OFFICE

Profit in Sheep Raising—A member of the Christian Farm Bureau started this year with 35 good Oxford sheep and sold \$935 worth of lambs and wool and has 36 extra fine sheep left.

Pneumonia in Swine—Trouble often develops among hogs at this season of the year in the form of colds and pneumonia. When pigs of all ages and sizes are allowed to pile up at night in a warm shed, some are likely to come out steaming in the morning and the cold winds and frosty atmosphere have a bad effect upon them. The practical farmer will find ways to remove the cause.

Necro-Bacillosis—This is a specific infectious disease, which in certain localities, constitutes a serious menace to swine raising. It is commonly known in pigs as canker-sore mouth, infected sore mouth, bull nose or snuffles. In order to prevent it hog houses and feeding places, run ways, fences and sheds should be thoroughly cleaned and sprayed with a 3 per cent water solution or compound of Cresol (U. S. P.) or its recognized equivalent. Quick lime should be scattered freely about the lot after they have been raked clean of cobs and manure. Wallows should be drained and fenced off, all small holes filled and large fields, where the infection prevails, should be cultivated.

Protect the Farm Machinery—The past summer has been such a busy one that much of the farm machinery has been left in the barn yard or the field and is unprotected from the elements. The present prices of machinery and the scarcity of material make it more important than ever before that we carefully gather up all the farm implements and place them in a shed where they are protected from rust and decay. All polished surfaces should be coated with some form of oil or grease. Ordinary axle grease is probably the best.

Tile Drain Outlets—The outlets of drain tile should be examined at this time of year. These outlets should be protected with a concrete abutment to prevent washing at the end and should be screened against the entrance of birds and animals. They should also have a clear fall at the exit, so that the land may be completely drained.

SWEETS WITHOUT SUGAR

The problem of sweets without sugar is being solved by the experts of the United States food administration. It is generally known that there is a very serious shortage of sugar in America and Europe, and the short supply here must be saved as far as possible for use abroad.

But the American appetite for sweets demands at least partial satisfaction and this can be obtained by the use of syrups, honey, maple sugar, nuts and sweet fruits.

Here are some recipes for war confections furnished through the Illinois Division of the food administration.

Parisian Sweets.

Put through the meat chopper 1 pound of prepared dates, figs, and nut meats. Add 1 tablespoon orange juice, a little grated orange peel and 1-4 cup of honey or syrup. Mold into balls and roll in chopped nuts or coconut or chocolate. This mixture may be packed in an oiled tin, put under a weight until firm, then cut in any shape desired. Melted chocolate may be added to mixture before molding.

Chocolate Delicacies of Bitter Sweets

Melt bitter sweet chocolate in double boiler, remove from fire and beat until cool. In this dip nuts or sweet fruits and place on oiled paper.

Salted Nuts.
Remove skin from shelled nuts if desired, depending on kind of nuts. Put a little vegetable fat in a frying pan. Add nuts and fry until delicately browned, stirring constantly. Remove with skimmer. Drain on paper and sprinkle with salt.

Tutti Fruiti Balls.
1 cup puffed rice or corn.
1 cup seedless raisins.
1 cup stoned dates.
1 cup figs.

1-2 cup chopped nut meats.
1 tablespoon chopped angelica or citron.
1-2 cup chopped candied orange peel.

2 teaspoons vanilla extract.
Put the rice, fruits, peel, and nut meats through a chopper, stir well, adding the extract. Make into small balls and allow to dry. Roll in shredded cocoanut.

NEW FICTION AT PUBLIC LIBRARY READY FOR USE

In October the fiction circulation at the library increased to an unusual extent. This is probably largely to be accounted for by the fact that places of entertainment were so generally closed.

This increase in fiction reading, taking with the fact that all books have been held out of circulation for over twenty-four hours for fumigating, worked something of a fiction shortage at the library.

Saturday morning about eleven o'clock an outstanding order was received and all the stories were rushed thru the checking and cataloging processes to be ready for fiction hunters on Saturday evening.

The books received were partly rent and partly regular fiction and the titles are: Bindloss—Lure of the North. Davies—The Golden Bird. A country idyl in which pretty Anne Craddock resuscitates the family fortunes by raising thoroughbred chickens.

Farnol—Our Admirable Betty. Lively Romance.

Olmstead—O n Furlough. Charming story in a small southern village.

Tchekhov—The Witch. Troubetzkoy—The Ghost Garden.

Wells—Joan and Peter. War Fiction.

Andrews—Her Country. Story of the Liberty Loan.

Centurion—Gentleman at Arms. Written by a captain of the British army.

McCutcheon—Shot With Crimson. A story of German agents.

Rice—Miss Mink's Soldier. Mystery Stories.

Green—The Devil to Pay. McCutcheon—City of Masks. Raymond—Mystery of Hatley House.

Western Stories. Knibbs—Tang of Life. Raine—The Sheriff's Son.

HOW THIS LITTLE BOY Recovered Strength After Sickness

Garrett, Texas.—"The measles left my little boy aged nine years in a very weak run-down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."—Mrs. E. A. Just Before the Battle---

To the Citizens of Morgan County and the City of Jacksonville—

I have been a resident of the county since 1867, and of Jacksonville in particular since 1899. While in Jacksonville I have had the honor and pleasure to serve you as Assessor and Treasurer and as Sheriff and Collector of this county; and for nearly four years as your Mayor.

I have at all times stood openly and persistently worked for the measures and activities that I considered best for the community and public welfare, regardless of my political future or business interests. After twelve years, Morgan county happens to have a candidate nominated for the Lower House, namely, myself. I have openly and plainly said what I am for; and if elected, I will continue to stand and work for measures that are for the best interest of the whole people.

You, the voters, have it in your power to say, regardless of politics, whether you want me to represent you; and Morgan county to have a representative in the next Legislature. Think it over and GO TO IT. It is your move.

Sincerely yours,

H. J. Rodgers.

RAIN HELPED LAKE SUPPLY OF WATER

This was Statement Made at City Council Session—Myrtle Street Will be Improved—Officers' Reports.

There is an excellent supply of water now in Morgan lake for this season of the year as the result of recent heavy rains, according to statement made at the council session Monday morning by Commissioner Vasconcellos. The lake is now about 3 feet from the capacity mark and Mr. Vasconcellos said that with another rain or two the city will begin the winter in better condition than usual, so far as water supply is concerned. The council session was quite brief, very little time being occupied by the commissioners in department reports. The monthly reports of officers were received and approved.

Mayor Rodgers said that public improvements were progressing somewhat slowly but that as much work was being done as conditions of supplies and labor made possible. Commissioner White reported considerable damage done on Halloween night, making special reference to rock dislodged from the walls at the brook crossing on South Main street and from some other streets, where boys overturned the rock into the brook. On East State street, considerable damage was done by boys who broke the stone flagging intended for the curbing on East State street paving. He said that 18 or 20 boys were locked up Halloween night but that it had not been possible to charge them with any specific acts of vandalism and they were released.

In reporting for the light and water department Mr. Vasconcellos mentioned an accident Saturday night whereby a pole near the Woman's college was broken and the lighting circuit for the third ward was disturbed. The force of men was busy all day Sunday repairing the damage so that it would be possible to turn on lights Sunday night.

A committee of citizens living northeast of Jacksonville was present to make arrangements about the grading of Myrtle street. The men had talked with Mr. White and came before the council to state that they would grade the street in connection with the road leading out into the country, and wait for the city to pay its share of the expense. The men were willing to do this because it is their intention to keep the country road in good condition and they proposed by grading Myrtle street to have a good roadway clear up to the hard pavement on Howe street. The council was very glad to make this arrangement. The committee included John McDonald, Joseph Henderson, Oliver Hamm and Richard Day.

Reports of officers were presented and approved. The section at Jacksonville cemetery reported 36 graves made during the month of October, and the section at Diamond Grove cemetery reported 19 graves made.

R. L. Pratt, city clerk, reported collections thru his office of \$10; Jacksonville cemetery \$174.50; from Diamond Grove cemetery \$697.10.

The report of A. M. King, health warden, showed total deaths during October as 70; male 40, female 30; in the city 53, at Jacksonville State Hospital 17. The range of age was as follows: under one year one; 1 to 5, three; 5 to 20, five; 20 to 50, thirty six; 50 to 70, sixteen; over 70 seven. The cases of contagious diseases are: tuberculosis one, typhoid fever one, chicken pox, one; small pox eight; influenza, city 930, School for the Deaf 82, total 1012.

The report of Charles B. Graft, city treasurer, showed balance of \$2,818.44 in the general fund, in the special fund the balance is, anti-tuberculosis \$174.50; Diamond Grove \$883.38; garbage disposal \$5,282.97; library \$6,064.79; Jacksonville cemetery \$330.78.

The report of W. H. Cobb, water superintendent, showed collections of \$3,614.68. This was made up of \$3,561.08 for collections, meter repairs \$16.10, meters sold \$37.50.

DR. LANE DIED AT MISSOURI HOME

Physician Known Here Succumbed to Pneumonia—Had Expected Soon to Enter Army Service.

A telegram was received Monday by Mrs. E. M. Henderson, 314 East College street, telling of the death of Dr. George Garfield Lane, husband of her sister, Mrs. Lucille Nunes Lane. Dr. Lane died at his home at Rich Hill, Mo., after a few days' illness as a result of pneumonia.

Dr. Lane had for a number of years been a successful physician in his home city. He had recently volunteered for service in the medical department of the army, had received his commission and was expecting to leave within a few days for service when he was stricken with pneumonia. He is survived by his wife and one son, James, together with his mother and two brothers. Mrs. Lane had been preparing to come to Jacksonville to remain during the absence of her husband in the service, and will probably now be expected to remain at least thru the winter months.

Vote today for Wm. E. Thomson for county judge. (Adv.)

33 NEW CASES OF INFLUENZA REPORTED

Miss Manchester, Registrar in Capt. King's Office, Reported Thirty-three New Cases of Influenza Since Saturday—Five New Cases of Pneumonia.

Thirty-three new cases of influenza and five new cases of pneumonia were reported by Miss Gertrude Manchester, registrar in health warden, Capt. King's office. The report covered both Sunday and Monday. This record shows that the malady is not abating to any great degree. However, the fatal cases of pneumonia do not seem to be as large as was true several days ago.

OVERSEAS CHRISTMAS PARCELS

All persons having labels from soldiers or marines overseas can secure their cartons and instructions as to what may be placed in them by applying to the nearest branch of the Red Cross at Jacksonville, Waverly, Meredosa, Woodson, Franklin, Alexander, Lynnville, Murrayville, Literberry, Concord, Chapin and Mrs. Charles Swain or the postmaster at Prentice.

Charles H. Hall, Chairman, Christmas Parcels Committee.

A representative of Detroit's leading fur house will have his samples on sale today at FRANK BYRNS' Hat Store.

Whole Family Sick. Nine persons sick at one time in one home in Jacksonville appears to be the record, and certainly is sickness aplenty and Mr. and Mrs. Charles Blesse are having their hands full. About ten days ago three of Mr. Blesse's family were taken down with the "flu" but apparently recovered, when six other members of the family were stricken and the three first taken sick suffered a relapse. Fortunately all were resting easy Monday night and no serious complications anticipated.

HOME ON FURLOUGH

Earl Allen son of John R. Allen east of the city is home on sick furlough of thirty days. He is in the navy engineering department at League Island, Philadelphia. He enlisted in the spring and has been in training at the above named place. He is recovering all right but he has been quite sick. He says there are some 30,000 men in the yard and they have had 1,200 deaths from influenza tho it is now abating. He is recovering rapidly tho he is yet weak.

RED CROSS KNITTERS PLEASE NOTICE

Yarn for a quota of 400 sweaters has been received at the Red Cross shop will be given out during the afternoons from 2 to 5 o'clock. Sweaters in this quota will be made according to No. 1 directions, 78 stitches cast on and must measure when finished from 17 to 20 inches across the chest.

A GREAT W. S. S. SALES RECORD

The W. S. S. sales for October as reported by Ralph J. Dunlap, postmaster, showed a total value of \$34,746.25. There were 6,759 war stamps sold, with a value of \$33,795, and 3,805 Thrift stamps with a value of \$951.25. The October sales taken in connection with the sales previously made since Dec. 1, bring the total for the county to 1,055,100.25. This county still has the banner record for the state in W. S. S.

Think it over and then vote for Captain Swales for county commissioner, and remember he went over the top for you when it was rough going.

FIRE ALARM MONDAY

The fire department was called to the residence of Mrs. Flora German, 943 East College avenue at 9:15 o'clock Monday morning. A can of gasoline had caught fire and exploded. A brother of Mrs. German received a slight burn on the hand when he attempted to throw the can out of the house. No damage resulted.

MISS WHEELER BECOMES BRIDE OF HARVEY SCOTT

Ceremony Was Said at Home of Bride's Mother. Mrs. Minnie Wheeler at 4 O'clock Monday Afternoon—Will Take Automobile Wedding Trip.

Simplicity marked the wedding of Miss Martha Ruth Wheeler and Harvey D. Scott, which was said at the home of the bride's mother, Mrs. Minnie Wheeler, 1136 West Lafayette avenue at 4 o'clock Monday afternoon.

The ceremony was said by Dr. Frederick B. Madden, pastor of Grace church in the presence of a limited company of relatives and intimate friends of the contracting parties. The beautiful double ring service was used.

The guests were received upon their arrival by Mrs. Wheeler, Miss Helen Wheeler and Miss Harriett Scott. At the appointed hour the bridal party descended the stairs and entered the parlor to the strains of Lohengrin's wedding march played by Mrs. Clayton Stewart. The vows were said before a bank of ferns and palms.

Miss Rachel Scott, sister of the groom was bridesmaid and H. E. Wheeler, brother of the bride was groomsmen.

Following the ceremony the couple were the recipients of hearty congratulations by the assembled company and the wedding collation was served.

In cutting the bride's cake, John Lazenby got the thimble, Mrs. Walter Martin the dime, Fred Leach the darning needle, Mrs. Paul Strawn the key, and Miss Helen Wheeler the ring.

The bride was gowned in white georgette of pearl trimming over white satin with long bridal veil and carried a bouquet of bride's roses.

Miss Scott wore a gown of blue over white satin with a corsage bouquet of pink roses.

The Wheeler home was tastefully decorated for the wedding. In the parlor the color scheme was green and white. While in the dining room yellow and white prevailed.

The wedding of this young couple unites two of the best known families of the county. The bride is the youngest daughter of Mrs. Minnie Wheeler. She was born and reared here and received her education in the public schools and at Illinois Woman's college.

She is a young woman whose charm of manner and many womanly graces have won many friends.

The groom is the son of the late James Z. Scott and has resided all his life in the west part of the county. He is a farmer and has engaged in that occupation with success.

Following the ceremony, Mr. and Mrs. Scott left for an automobile wedding trip, their destination being unknown to their friends. Upon their return they will reside on a farm west of the city. They will have the best wishes of a host of friends for a long and happy married life.

Before Detroit knew the automobile, she was known as a center of the fur industry. Today Detroit Made Furs for ladies are known among the better dealers as passing all the requirements needed in garments of the higher grades. Next Monday and Tuesday Detroit's leading Furrier will have a large assortment of Ladies' Fur Coats, Scarfs and Muffs on sale at FRANK BYRNS' Hat Store.

Don't fail to vote on the little ballot today. The good roads proposition means hard roads all over the state without a dollar of taxes except from automobile owners. Vote for the constitutional convention proposal and you will aid in making it possible for the people of this state to modernize the constitution made in 1870.

F. J. WADDELL GAVE DUCK DINNER

Frank J. Waddell, chairman of the Second Ward United War Workers committee, entertained at a six o'clock duck dinner Monday evening, at Peacock Inn, for the members of his committee, the object being to give an opportunity to get together and discuss the coming campaign and make plans insuring its success.

There were present Messrs. Kopperl, and Hook, Lieutenants, and Messrs. Plouger, George Luke, and Messrs. Frisch, A. T. Caplan, Joshua Vasconcellos and Harrison King precinct chairman.

Following the dinner Mr. Waddell addressed his committee on the subject of the campaign, laying particular stress upon the necessity for each working shoulder to shoulder looking to but one end to the work in their ward, and that "to put it through quickly and victoriously."

Mr. Waddell's sentiments received hearty applause from all present. After each member of the committee had spoken a thorough organization was effected and plans laid which will insure the work in the second ward being done in a most thorough and effective manner.
